Re: <SPE Improved Oil Recovery Conference 2024: Critical Technologies of the Future, Dates, Tulsa, Oklahoma, USA>

The Mid-Continent Section, a geographic section of the Society Of Petroleum Engineers, a worldwide organization with more than 124,800 members, invites you to its SPE Improved Oil Recovery Conference being held on April 23-25, 2024, as part of an ongoing effort to collect and disseminate technical information for its members.

Peer-selected papers covering technical advances, best practices, and future trends in all facets of E&P will be presented. Training courses held before and after the SPE Improved Oil Recovery Conference offer opportunities to attendees seeking to boost their expertise and skills. The conference features special events designed for everyone from seasoned professionals including executives, engineers, managers, and scientists to students and young professionals.

We understand you will bear all the expenses related to your visit. The Mid-Continent Section is not able to contact the embassy or any government agencies on your behalf; this is your sole responsibility.

We look forward to seeing you in Tulsa, Oklahoma.

Sincerely,
